## PROFESSIONAL SUMMARY

Automation Test Engineer with 2+ years of experience in designing scalable Web, Mobile, and API automation frameworks using Selenium, Appium, and Playwright. Strong background in CI/CD, Agile delivery, and AI-assisted automation (MCP, LLMs) with proven impact on test coverage, stability, and release quality in product-based environments.

---

## TECHNICAL SKILLS

**Automation:** Selenium (TestNG, Cucumber), Appium (UiAutomator2, XCUITest, Flutter), Playwright (JS/TS), Tosca, Rest Assured, Postman

**Languages:** Java, Python, JavaScript, TypeScript, SQL

**DevOps & Tools:** Azure DevOps, Maven, Git, GitHub, BrowserStack, Jira

**Platforms:** Web, Mobile (Android/iOS), API | Agile/Scrum

---

## PROFESSIONAL EXPERIENCE

**Test Automation Engineer | Xpedeon | Oct 2025 – Present**

Construction ERP & Flutter Mobile Applications

- Built **Appium** hybrid automation framework from scratch for Flutter apps using **TestNG**, **Maven**, **POM**, **BrowserStack**, and **Azure DevOps**.
- Automated cross-platform mobile and web workflows, improving regression reliability and release confidence.
- Implemented **Playwright** automation (JS/TS) for **.NET Blazor** web applications with reusable, scalable design.
- Introduced Model Context Protocol (**MCP**) for exploratory testing, dynamic locator extraction, and AI-assisted code generation via GitHub Copilot.
- Integrated automation into **CI/CD** pipelines, **Jira** reporting, and **Azure DevOps** dashboards.

### Key Impact:

- Increased automation efficiency through **AI-assisted** testing and **MCP** adoption

- Provided **comprehensive KT sessions** to manual testers, ensuring smooth transition to automated processes and empowering the team to support test automation efforts.
  - **Communicated technical requirements** between cross-functional teams for development, integration of pipelines, unit tests and devops.
- 

#### **Automation Tester | Planit (NRI Company) | May 2024 – Oct 2025**

- Delivered end-to-end automation POCs for web, mobile, and API testing.
  - Developed frameworks using Selenium, Appium, Tosca, and Postman.
  - Reduced manual testing effort by ~60% and increased coverage by ~40%.
  - Led a team of 5 automation engineers on client projects.
  - Leveraged in-house LLM (Amplify) to generate test data using custom AI utilities.
- 

#### **QA Intern | Interpublic Group (IPG) | Oct 2023 – Apr 2024**

- Performed functional and UI testing for BMW Group APAC websites.
  - Built Selenium + TestNG hybrid framework, reducing execution time by 30%.
  - Worked in Agile sprints, defect tracking via Monday.com.
- 

### **PROJECTS**

- **Playwright-Sentinel** (Self - Open Source): Built an AI-driven Playwright framework using OpenAI and ZeroStep. Enabled "full AI mode" to automate E2E test actions and assertions.
- **DataBash** (Self - Open Source): AI-powered system converting user prompts into validated database queries.
- **AutoData** (Self - Open Source): AI-based test data generator for automation frameworks.
- **Xpedeon Approvals**: End-to-end Appium automation for Flutter apps with CI/CD & BrowserStack.
- **Xpedeon Web**: Playwright automation for enterprise .NET Blazor application.
- **Portfolio Website**: Developed a dynamic personal portfolio website showcasing professional information, integrated with a chatbot for real-time engagement and user interaction.
- **BMW Korea – Build Your Drive(BYD)**: Executed QA and Selenium testing for the localized BMW Korea website, ensuring timely Agile deliveries and maintaining high-quality standards.

## EDUCATION

**MBA – IT Management**, Jain University, Bangalore | GPA: 8.5 (*Dec 2025*)

**B.Sc. – Information Technology**, University of Mumbai | GPA: 8.72 (*Jun 2023*)

---

## CERTIFICATIONS

- Six Sigma White Belt – **Council of Six Sigma Certification (CSSC)**
  - Test Automation Professional – **LambdaTest**
  - Tosca Automation Specialist Level 1 & 2 – **Tricentis**
  - OCI AI Foundations Associate – **Oracle**
  - Agile Project Management – **Atlassian**
  - AI Security & Governance – **Securiti**
- 

## RESEARCH & PUBLICATIONS

- **Impact of AI-Driven Automation on Software Testing** – MBA Research Project
- **“Beyond the Search Bar”** – Medium blog on conversational AI & future search systems
